ANNUAL MANAGEMENT AND RESULTS REPORT
FUNDACIÓN SEVENFOLD COLOMBIA
2025

1. GENERAL INFORMATION

Legal Name: Fundación Sevenfold Colombia
Tax ID (NIT): 901.965.467-5
Registered Office: Bogotá D.C., Colombia
Legal Representative: Ana del Pilar González Urrea
Reporting Period: January 1 to December 31, 2025

---

2. INTRODUCTION

This 2025 Management and Results Report is the first annual report of Fundación Sevenfold Colombia (FUNSEVEN). It presents the main progress, results, impacts, recognitions and financial management carried out during the period from July to December 2025.

This report reflects the Foundation's commitment to creating opportunities for children, adolescents and young people through initiatives that promote sport, education and sustainable development as tools for social transformation and for strengthening local communities.

The actions carried out during the period under review were aimed at fulfilling our institutional purpose:

> *"To create real opportunities for children and young people through sport, education and environmental sustainability, developing leaders who contribute to the development of their communities and build life projects with a positive impact."*

To achieve this objective, the Foundation organized its work around three strategic lines of action:

a) Sport as a driver of transformation

We promote 7-a-side football as a tool for inclusion, education and social development, working within the ecosystem of the Colombian Football 7 Association and the International Football 7 Federation (FIF7). Through this line, we drive sports training, competition, and national and international exposure for young people from regions such as Bogotá, Vaupés, Huila and Chocó, strengthening values such as discipline, leadership and teamwork.

fundacionsevenfold@gmail.com
Carrera 51, #24-35, Bogotá

b) Environment and sustainable development

We drive initiatives focused on the conservation and sustainable use of biodiversity, promoting environmental education and sustainable production models that enable communities to generate income, strengthen their autonomy and build livelihoods tied to the protection of natural heritage, especially in regions with great environmental wealth and significant social challenges.

c) Education and capacity building

We promote comprehensive training processes that strengthen the academic, socio-emotional and technical skills of children and adolescents. We also foster learning spaces in Science, Technology and Innovation (STI), contributing to greater educational, employment and personal development opportunities.

It is important to note that Fundación Sevenfold Colombia was legally incorporated on July 11, 2025. Accordingly, this report covers the first six (6) months of institutional operation, a period in which the organizational, technical and strategic foundations were laid for developing programs and projects aimed mainly at promoting sport, with an emphasis on 7-a-side football, as a means for social inclusion, leadership development and the creation of opportunities for children, adolescents and young people in Colombia.

---

3. PROJECTS COMPLETED AND IN PROGRESS

3.1. Completed projects

3.1.1. Strategic line “Sport as a driver of transformation”

- **Consolidation of 7-a-side football in Bogotá, Huila and Vaupés**

During 2025, Fundación Sevenfold Colombia made progress in consolidating its regionalization strategy by creating and strengthening sports programs in the departments of Vaupés and Huila, as well as consolidating its operational structure in Bogotá, the city where the initiative was born. This strategy sought to broaden access for children, adolescents and young people to high-quality sports training, using 7-a-side football as a tool for inclusion, personal development and the creation of opportunities.

fundacionsevenfold@gmail.com
Carrera 51, #24-35, Bogotá

Thanks to these actions, the Foundation strengthened its territorial presence and laid the groundwork for expanding its intervention model to regions that have historically had limited access to structured sports programs and to national and international competitive platforms.

Seven Vaupés: As part of this strategy, the “Seven Vaupés” initiative was launched to promote 7-a-side football in the department and to provide free sports training for young people between 17 and 23 years of age.

The program aims to identify, train and showcase sports talent from the region, facilitating their participation in selection processes and in national and international tournaments promoted by the Colombian Football 7 Association and the International Football 7 Federation (FIF7).

During the reporting period, the club **Seven Sporting Vaupés** was formed, bringing together **35 young athletes from different parts of the department**. In addition, as a result of sports evaluation and monitoring processes, **two young players were selected and invited to Bogotá** to take part in high-performance tryouts, with the aim of joining a Colombian delegation that would represent the country at an international 7-a-side football tournament in Mexico. The selected players were:

- Jesed Nicolas Sanchez Silva, 17 years old
- Yeison Mateo Souza Restrepo, 18 years old

Direct beneficiaries: 35 young people and 2 players selected for international competitions

Seven Huila: As part of Fundación Sevenfold Colombia's regionalization strategy, the first 7-a-side football tournament was held in 2025 in the municipality of Garzón, Huila, in partnership with Fundación Triunfadores.

The event was attended by Jhon Cárdenas, President of the Colombian Football 7 Association; Óscar Castiblanco, former professional player; and Andrés Chacón, businessman and Vice President of the Colombian Football 7 Association. Their participation was intended to motivate the children and young people in attendance, raise the profile of 7-a-side football as an opportunity for sports development, and promote the launch of an ongoing training program in the region.

The initiative brought the sport to **60 young people from the municipality and 4 teams from the department of Huila**, creating a first space for integration, competition and recognition of local talent. It also laid the groundwork for consolidating a 7-a-side football training program that contributes to the constructive use of free time, the promotion of healthy habits and the creation of new opportunities for young people in Huila.

Direct beneficiaries: 60 young people and 4 teams from southern Colombia

Seven Bogotá: Bogotá is the birthplace of the sports strategy that Fundación Sevenfold Colombia now leads. From the Engativá district, 7-a-side football has been promoted as a tool for social transformation, sports training and international exposure for children, adolescents and young people.

It is worth highlighting that the team that now makes up the Foundation has led this initiative for several years. In this regard, **in 2025 Fundación Sevenfold Colombia took on the challenge of institutionally strengthening the program**, providing an organizational and strategic structure to consolidate the work carried out together with the Colombian Football 7 Association.

As part of this work, training sessions have been offered from 9:00 a.m. to 12:00 p.m. every weekday, aimed at the athletic development of participants and at identifying talent with the potential to represent **Seven Bogotá in district and national competitions.** In addition, the top-performing athletes were included in selection processes to join Colombian delegations at **international tournaments organized by the International Football 7 Federation (FIF7).**

Direct beneficiaries: 120 young people supported free of charge in Bogotá

- **International Participation of Fundación Sevenfold**

During 2025, Fundación Sevenfold strengthened its commitment to the comprehensive development of children and young people through sport, promoting opportunities for personal growth, athletic development and international representation.

Participation in Curitiba, Brazil 2025 – FIF7: In August 2025, Fundación Sevenfold Colombia supported the participation of Colombian athletes in the Football 7 World Championship and World Club Championship held in Curitiba, Brazil.

At the World Championship, several of our athletes were part of the Colombian Football 7 National Team, facing Hong Kong, Mexico and Mozambique in the group stage before playing Brazil in the knockout stage.

At the same time, Seven Bogotá represented Colombia at the World Club Championship, reaching the quarterfinals after competing against teams from Argentina, Brazil and El Salvador. This experience strengthened our players' athletic and competitive skills and gave them an important international showcase for their growth and development in 7-a-side football.

Direct beneficiaries: 25 athletes (ages 17 to 23), 2 coaches and 1 support staff member.

Promotion of and support for the preparation of young players from Mitú for an international 7-a-side football tournament

As part of its commitment to creating opportunities for children and adolescents from different regions of the country, in 2025 Fundación Sevenfold supported the arrival in Bogotá of two adolescents from the municipality of Mitú, Vaupés, who joined the training programs run by the organization.

During their stay, both took an active part in the training sessions, strengthening their technical, physical and personal skills, while also sharing everyday life and learning experiences with the other members of the Foundation. This preparation enabled them to join the delegation that represented Colombia at the international event held in **Mérida, Yucatán, Mexico, in November 2025.**

For Fundación Sevenfold, this experience embodies the true purpose of our work: using football as a tool for social transformation, creating opportunities and helping build life projects for children and adolescents throughout Colombia.

Participation in Mérida, Yucatán – Mexico

From November 10 to 18, 2025, Fundación Sevenfold Colombia accompanied the Colombian Football 7 National Team and the U-13, U-15, U-17 and Open categories in the city of Mérida, Yucatán (Mexico), as part of its strategy for the training and international advancement of young talent.

Prior to this event, the Foundation supported open calls and talent identification processes, enabling young people from different regions of the country to have the opportunity to represent Colombia in high-level international competitions.

The results achieved were among the main sporting accomplishments of the year. The U-13 category finished as tournament runner-up, the U-15 category took third place, the U-17 category was crowned champion, and both the Open category and the Colombian National Team won the title in their respective competitions.

This experience strengthened the athletic and personal development of the participants, while consolidating the international reach of the programs promoted by the Foundation.

Direct beneficiaries: 41 athletes, 2 coaches and 1 support staff member, for a total of 44 direct beneficiaries.

2025 Year-End Closing Event

On December 22, 2025, Fundación Sevenfold Colombia and the Colombian Football 7 Association held their year-end closing event, which served as a space for integration, recognition and looking ahead for the athletes, families and partners who took part in the programs carried out during the year.

During the event, awards were presented to the most outstanding athletes, highlighting their commitment, discipline and performance in the various sports programs promoted by the organization. There was also a gathering with parents and guardians, strengthening the bonds between the sports community and the families who support the development of the young participants.

In addition, the main results achieved in 2025 were shared, and the strategies, projects and opportunities planned for 2026 were presented, aimed at strengthening the training, competition and national and international advancement of the athletes associated with the Foundation.

3.1.2. Strategic line “Environment and sustainable development”

During 2025, this strategic line had no direct operational activities, as the Foundation focused its initial efforts on institutional consolidation and on developing the sports line. However, outreach and planning processes were carried out to structure future environmental initiatives that will broaden the organization’s social impact.

The Foundation has partners with experience in projects related to sustainable agricultural production, environmental conservation and the responsible use of natural resources, capabilities that will serve as the basis for implementing this line of work.

3.1.3. Strategic line “Education and capacity building”

During 2025, Fundación Sevenfold Colombia did not carry out specific activities under this strategic line, as institutional efforts were focused on consolidating the organization and implementing the sports programs from which the Foundation originated.

Nevertheless, during this period, opportunities and potential partners were identified for structuring educational programs that will broaden the organization’s social impact. Accordingly, for 2026 the Foundation plans to design and implement initiatives aimed at building the capacities of children, adolescents and young people in different regions of the country.

4. INCOME RECEIVED

During the 2025 fiscal year, the Foundation received funds from the following sources:

Item	Amount (COP)
Donations	$ 52,000,000
Sponsorships	$ 0
Member contributions	$ 30,000,000 (Founding contribution)
Fundraising activities	$ 0
Other income	$ 0
Total Income	**$ 82,000,000**

---

5. CONTRACTS EXECUTED

During the 2025 fiscal year, Fundación Sevenfold Colombia did not enter into any contracts or agreements that created significant financial obligations.

---

6. SUBSIDIES AND SUPPORT RECEIVED

The Foundation received support from public and private entities through:

- Cash donations.
- Member contributions.

Contributing entities:

- EPIC SOLUTION SAS
- Andrés Leonardo Chacón González
- ACEALDA GROUP S.A.S.

---

7. GOALS ACHIEVED AND COMMUNITY BENEFIT

During its first six months of operation, Fundación Sevenfold Colombia succeeded in consolidating an intervention strategy based on sport as a tool for

fundacionsevenfold@gmail.com
Carrera 51, #24-35, Bogotá

social transformation, directly benefiting more than 280 young people in Bogotá, Huila and Vaupés. Through training, coaching, competitions and athletic support, the Foundation created safe spaces for the constructive use of free time, promoting healthy habits, discipline, teamwork and leadership among children, adolescents and young people from diverse social backgrounds.

The Foundation also enabled young people from remote regions to access high-level sports experiences, including national team selection processes and participation in international tournaments in Brazil and Mexico. These opportunities not only strengthened their athletic skills but also broadened their personal and professional prospects, demonstrating that sport can be an effective tool for social inclusion, social mobility and building life projects.

Goals achieved and impacts

- Consolidation of the Foundation's institutional presence in Bogotá, Huila and Vaupés.
- Creation and strengthening of the Seven Sporting Vaupés club, with 35 young athletes enrolled.
- First 7-a-side football tournament held in Garzón (Huila), involving 60 young people and 4 teams from southern Colombia.
- Strengthening of ongoing training programs in Bogotá, benefiting more than 120 young people.
- Identification and promotion of sports talent from remote regions for national team selection processes.
- Inclusion of young people from Vaupés in preparation programs and international competition.
- Participation of Foundation-affiliated athletes in the FIF7 World Championship and World Club Championship in Curitiba, Brazil.
- Seven Bogotá reached the quarterfinals of the World Club Championship.
- Participation of Colombian delegations in international competitions held in Mérida, Mexico.
- Outstanding sporting results: champion in the U-17 category, champion in the Open category, champion with the Colombian National Team, runner-up in U-13 and third place in U-15.
- Strengthened alliances with the Colombian Football 7 Association and regional organizations.
- Year-end closing event and presentation of the 2026 institutional strategy.

8. CONCLUSIONS

Fundación Sevenfold Colombia satisfactorily carried out the activities planned for the 2025 fiscal year, maintaining its commitment to the athletic and social development of the community.

fundacionsevenfold@gmail.com
Carrera 51, #24-35, Bogotá

The international events in which the Foundation took part during 2025 allowed Fundación Sevenfold to represent Colombia on highly competitive stages. The results achieved reflect the institution's efforts to create opportunities for personal and collective growth, consolidating the Foundation's position as an agent of social transformation through sport and expanding opportunities for children and adolescents from different regions of the country.

The results achieved in Brazil and Mexico demonstrate the growth of our sports programs and the social impact of our work, reaffirming our commitment to continue using football as a tool for education, inclusion, human development and the creation of opportunities for new generations.

---

9. CERTIFICATION

The undersigned Legal Representative certifies that the information contained in this Annual Management Report corresponds to the activities carried out by the Foundation during the reporting period.

10. DETAILS OF TRANSACTIONS WITH FOUNDERS AND ADMINISTRATORS

In 2025, no loans or business transactions were carried out by the entity's members with the entity, nor by the entity with its members or administrators.

11. STATUS OF COMPLIANCE WITH INTELLECTUAL PROPERTY AND COPYRIGHT REGULATIONS BY THE ENTITY

To date, the entity is in good standing with respect to intellectual property, copyright and the licenses required for its operation, as well as with its labor obligations and social security payments.

12. SUPPLIER INVOICES

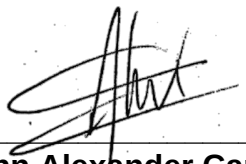

In compliance with Article 87 of Law 1676 of August 20, 2013, the organization did not obstruct suppliers in their intention to carry out factoring transactions with the sales invoices they issued to the entity during the period.
